

Deltek First GovCon Essentials

Use the power of the Cloud to provide everything a successful Government Contractor needs to be profitable and compliant.

Benefits:

- Comprehensive accounting
- Job cost & project manager reporting
- Advanced time keeping
- Complete payroll solution

Whether your organization has ten employees or hundreds, Deltek First GovCon Essentials includes everything you need to manage your books, control project costs, and meet labor/time keeping requirements.

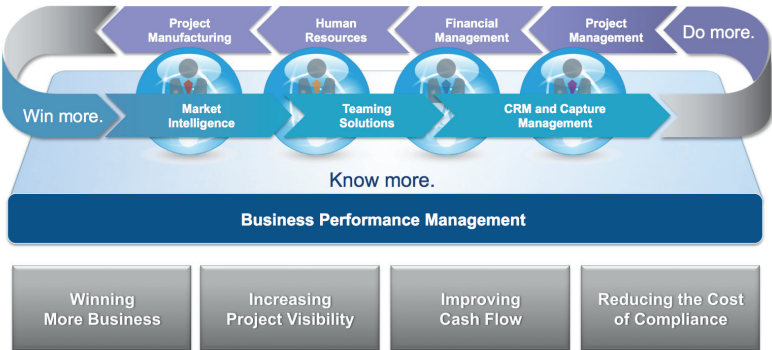

Deltek First GovCon Essentials offers you:

- **Comprehensive accounting** – manage your books and solve complex project accounting challenges, including indirect rates, cost pool management, automated contract billings, and revenue recognition. With a deep Work Breakdown Structure (WBS), you can easily “roll up” projects to a summary level or view detailed information by contract and task with key information pertaining to a project’s profitability.

- **Job cost & project manager reporting** – get extensive job cost reporting, including job summary, T&M sales worksheets, cost and contract revenue and labor utilization and a detailed summary view of every operational and project aspect.

- **Advanced time keeping** – easily track labor, payroll, and billing activities by project, department, or other categories and fully integrate timekeeping with the general ledger.

- **Complete payroll solution** – manage your company’s payroll functions in-house or integrate with leading payroll providers including ADP, Paychex, and Ceridian.

Deltek First serves the complete project lifecycle needs for small and mid-sized organizations.

Deltek First GovCon Essentials Deployment Overview

Deltek First GovCon Essentials is delivered through our own, Deltek-only cloud. Activating your next set of features is as easy as launching a web page.

Easy to buy, easy to use:

- Everything you need to be successful is available for one annual fee – software, maintenance, tax and other compliance updates, application management, cloud infrastructure, regular backup, and customer support.
- Start using and implementing Deltek First GovCon Essentials within an average of 3 business days of purchase. There is no hardware to buy, no software to install and configure, and no specialized IT skills needed to be up and running quickly.
- A dedicated team of professionals are devoted exclusively to ensuring your applications are available and up-to-date. You don't need to worry about managing or updating Deltek applications – we do all the work so you can focus on running your business.

Secure:

- Deltek's Cloud takes advantage of the most sophisticated physical, technical, and operational security available, including the most complete and current malware and anti-virus security available
- Data centers include 24/7 monitoring with complete physical security, UPS & diesel backups, and redundant data carriers on the DHS Critical Infrastructure
- SAS 70 Type II (SSAE 16) audits are completed semi-annually as well as semi-annual, third-party external web vulnerability testing

Available anywhere:

- Technical and operational infrastructure is designed to avoid any single point of failure; all infrastructure is shared to the benefit of all Deltek Essentials customers
- Applications and supporting infrastructure are monitored continuously and supported by 24/7 operational staff
- Backups are completed daily to a separate facility, with accounting data backed up in near real-time.
- Redundant data centers provide full failover capability in the unlikely event of disaster
- Hardware, software, networking, and storage technologies are refreshed, updated and expanded to provide maximum scalability and speed
- All applications are available securely through the public internet, from anywhere in the world; all traffic is encrypted to keep your information safe

As an affordable, secure solution that provides ease of use and near 24/7 uptime, Deltek First Essentials Plus is the obvious choice for small and mid-sized government contractors.
